-------------------------	--

ORDER APPROVING TARIFF AND MAP

(Issued June 4, 1999)

On July 29, 1997, the Iowa Utilities Board (Board) issued an order granting an application for issuance of a certificate of public convenience and necessity to TCG Omaha (TCG). This application was granted subject to the approval of tariffs to reflect the prices, terms, and conditions of local exchange service and subject to the approval of maps or other documentation to define the service territory.

On May 10, 1999, in the filing identified as TF-98-35, TCG filed revised maps for the exchanges of Underwood, Correctionville, Neola, Danbury, Carter Lake, Crescent, Anthon, Atlantic, Council Bluffs, and Sioux City. On May 11, 1999, TCG filed proposed tariff revisions identified as TF-99-144. The Board has reviewed the tariff and maps and will approve them. In Docket No. SPU-99-7, the Board is in the process of reviewing TCG's plan for compliance with the requirement that a 2-PIC methodology is available for all customers.

IT IS THEREFORE ORDERED:

The tariff identified as TF-99-144, filed on May 11, 1999, by TCG Omaha is approved, subject to complaint or investigation. The map, identified as TF-98-35, filed on May 10, 1999, is approved.
